

30/04/2010

Blackwood Caravan and Mineral Springs.

Blackwood, Wombat Forest.

Agenda:-
quiet social weekend

Requirements:-
Fabulous weather
Great company
Fantastic camp fire
Impressive caravan park

All who attended had marvellous time.

Day 1, Steve and Donna waited for other club members to turn up. Eddie and Barb rolled up followed by injured Ray and Lynne. Trip was three years in the making and Eddie still forgot to bring chairs.

Enjoyable social evening, stray dogs and all.

Dog who drank most of the rum. Steve will vouch for this.

Day 2. Woke up. Waited for other VP4WD members to turn up. 12 o'clock went for leisurely 2km walk. Got back over 2 hours later. Went on easy 4wd drive ended up having a cappuccino at Trentham. Ray bought his beloved honey, firewood scavenged from designated forest clearing area. Returned to Blackwood caravan park, lit fire in common room, discussed social and moral issues, some went to the pub for great counter meal while Eddie and Barb stayed behind to watch Essendon beat Hawthorn televised live as the park picks up Qld / NT / VIC t.v. stations.

Upon return from the pub dog didn't drink any more rum, more socialising then bedtime for all.

Bra fence

Stamper

Mineral spa

Things to see at Blackwood

Day 3. Packed up, Steve our fearless trip leader enhances his navigational skills for the trip home

Time for some fun and lock the tyres in 4WD.

Blackwood on the Lerderderg River to the summit of Blue Mountain above the former film set for the Man From Snowy River, past the old cemetery east via ruins of the old Yankee Mine to the Bacchus Marsh/Gisborne Road down the eastern edge of Lerderderg State Park.

Time to go home

The gang

Thanks to our fearless leader Steve A.

Great weekend for all those who turned up.

The committee does a great job. As paid up members please support your club by turning up to future events.

Eddie. T.
